

Hannibal Arts Council

Building for Our Future

Place Matters.

The Hannibal Arts Council has created a place for community arts through our *Building for Our Future* Campaign.

When you support the Hannibal Arts Council's *Building for Our Future* Campaign, you join us on a journey which began with the purchase and renovation of 105 South Main Street and continues today with the creation of more opportunities for **enrichment, involvement, growth, and revitalization** in Hannibal.

You Matter.

Your participation is vital. Our campaign is not just about our building it's about *enriching* our lives and *enhancing* our community now and in the future.

Thoughtfully consider a donation to the Hannibal Arts Council's *Building for Our Future* Campaign and in this place we call home.
